Description

The Denia chair family provides low, high back, wing and settee options to provide variation in a collaborative design. Supplied in contract quality fabrics and vinyls suitable for healthcare settings as standard, the chair can be fully customised to suit any design scheme.

Further design options, including the use of contrast fabrics are also available - please [contact the office for more details](#).

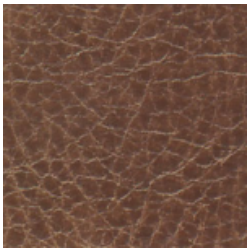

Wood finishes are plentiful, and designed to tie in with auxiliary furniture such as cabinetry and coffee tables. The use of beech and birch hardwood throughout the chair frame ensure a strong durable piece of furniture, built to withstand the rigours of a residential healthcare setting.
