

PRODUCT NUMBER: BRDC1

Oxford Dementia Range - Three Drawer Small Chest

From: £134.9

Quantity	Price
1 - 9	£142.6
10 -	£134.9

Description

The Oxford bedroom furniture collection is designed exclusively for care home residents suffering with dementia. The large swoop design handles provide a key opportunity to see and feel what is inside, which can often help to reduce anxiety and access confusion.

These pieces are hand-finished with melamine faces to aid easy-cleaning and hygiene. Manufactured specifically for severe contract use, joints are glued, screwed and dowelled for the utmost in strength and build quality. Available in a range of wood effect colours, as well as the option for white contrast door and drawer fronts.
