

PRODUCT NUMBER: BRDW2

Oxford Dementia Range - Double Door Wardrobe

From: £283.6

Quantity	Price
1 - 9	£299.8
10 -	£283.6

Description

The Oxford bedroom furniture collection is designed exclusively for residents suffering with dementia. The double door features an open section of the wardrobe and provides a key opportunity to see and feel what is inside, which can often help to reduce anxiety and access confusion.

These pieces are hand-finished with melamine faces to aid easy-cleaning and hygiene. Manufactured specifically for severe contract use, joints are glued, screwed and doweled for the utmost in strength and build quality. Available in a range of wood effect colours, as well as the option for white contrast door and drawer fronts.
