### Description

The Vancouver Queen lounge chair has been designed specifically to help residents of care and nursing homes suffering with **dementia**. The specially **curved back** allows for neck and head support, without obscuring the view in the way a traditional wing chair might. This also has the added benefit of helping to protect from injury such as sores and abrasions. The **hygiene platform** prevents spillages from sinking into the frame and inner areas of the chair, while the range of convenient and practical upholstery provides an easily cleanable, water resistant and anti-microbial hygienic finish. There are a number of bright colours as well as the option of contrasting piping to help residents identify the chair too. Having had co-operation with Stirling University, the chair was displayed in their Dementia Technology suite.

A selection of vinyls and waterproof fabrics are available for selection - we always recommend obtaining sample pieces of fabrics to check for colour scheme arrangements. Can't find what you're looking for? [Click here or contact the office to discuss alternatives.](#)

This chair is made to order, with a lead time of approximately 4-6 weeks.  
5 year guarantee on frame and springs!

Built to last, the rear leg forms one piece from the floor to the top of the back and comes with our **5 year guarantee.**
